ACPI

• **PRODUCT DETAIL:**

- Panel to Wire Connector solution for automotive battery charging and discharging
- Hybrid 2 Power 6 Signal Connector

• **TECHNICAL INFORMATION:**

- Rated current: 70 amp (16mm² Wire)
- Dielectric withstanding voltage: 500 VDC
- Insulation resistance: >1 GΩ
- Flammability rating: UL 94
- Durability: 10,000 mating cycles
- IP rating: IP67, mated & unmated
- Operating temperature: -20 to 90° C

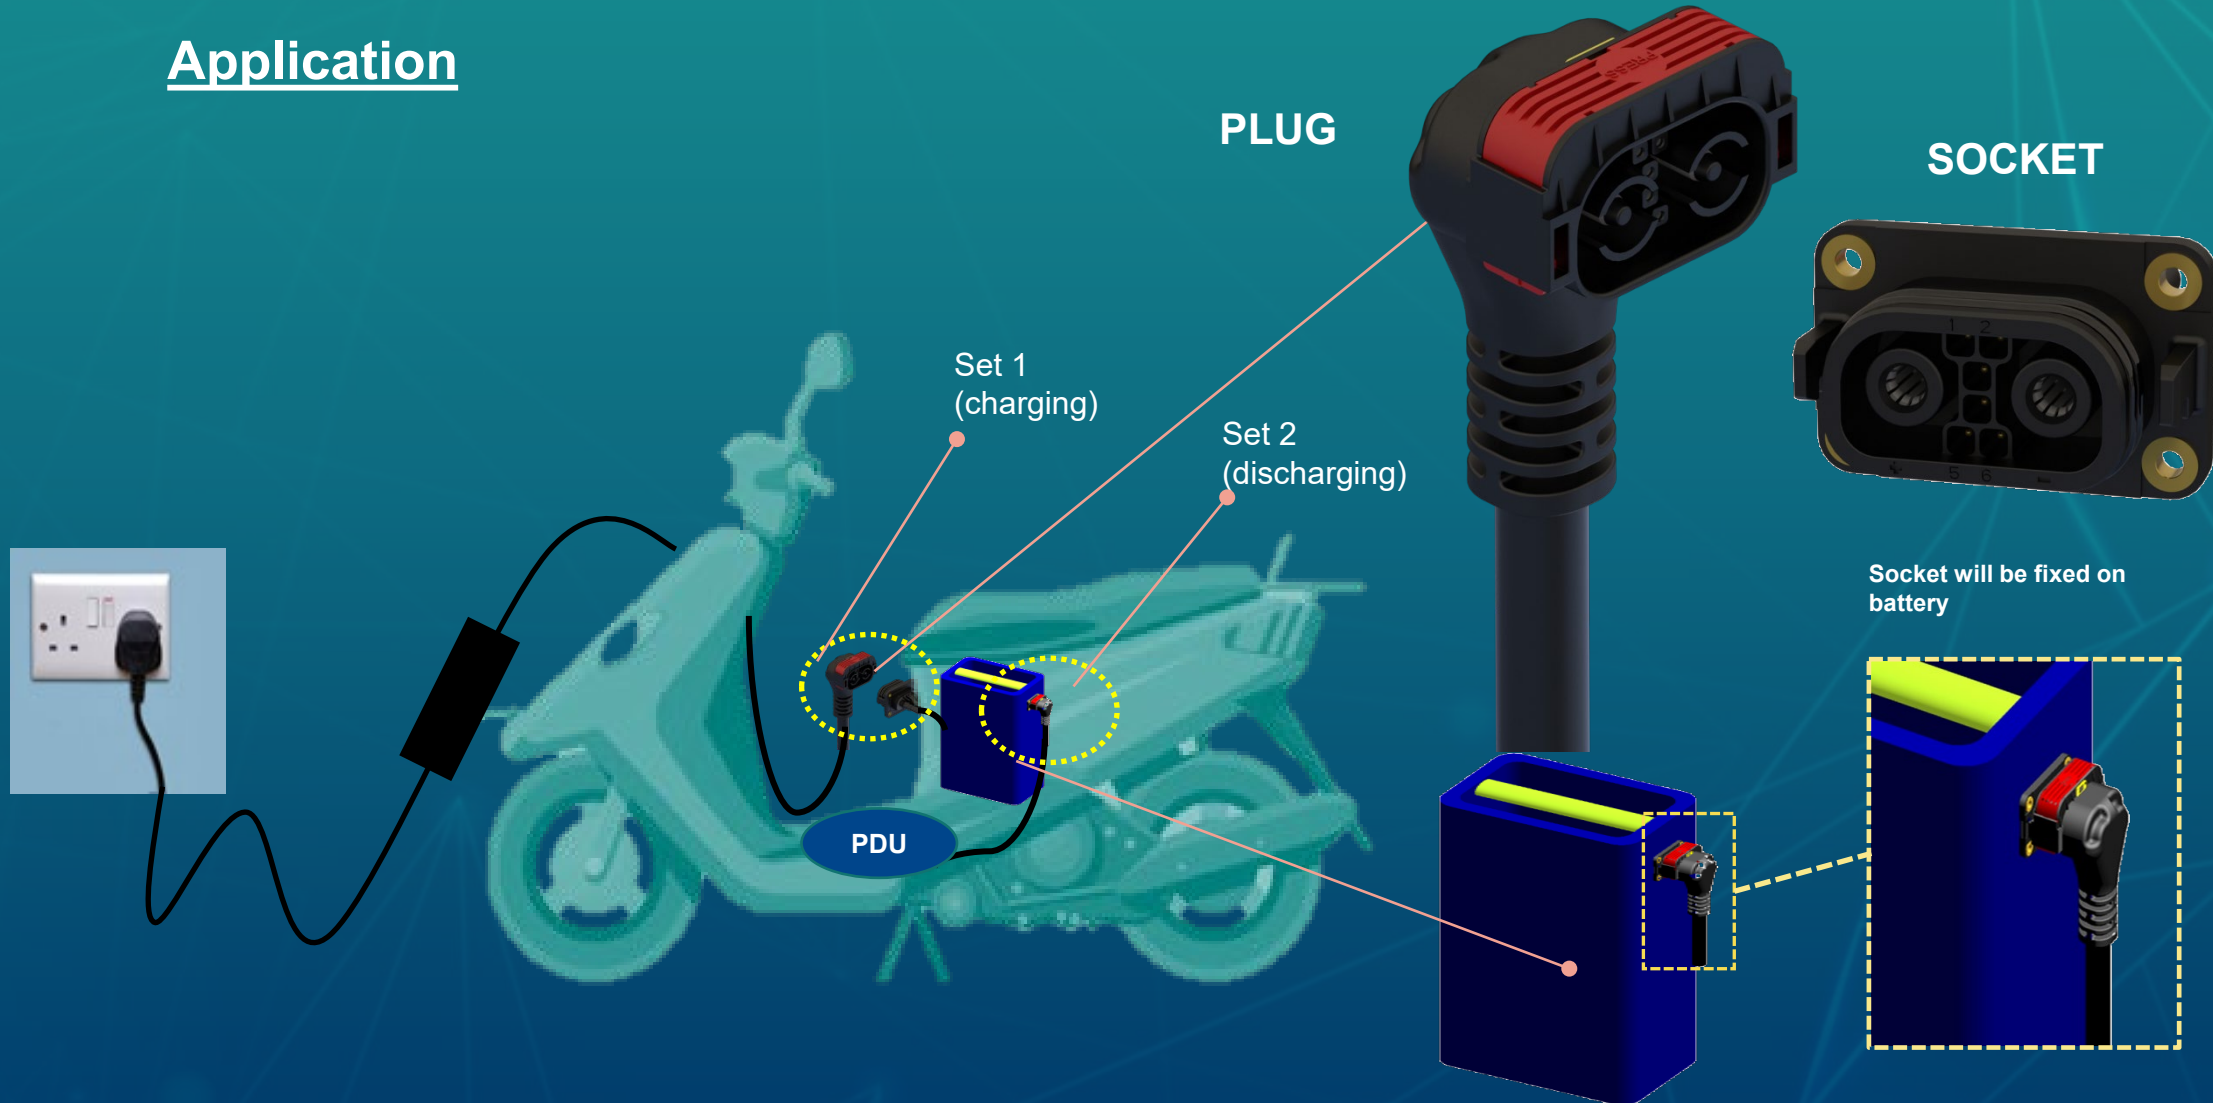

• **KEY FEATURE:**

- Positive locking features
- CPA (Connector position Assurance)
- Matting Poka-yoke
- Designed and Manufactured 100 % in India
- Patented technology
- FMLB

Connector for swappable / fixed batteries with connector lock

Application
